To whom it may concern

This letter is to inform you of my satisfaction and high recommendation when it comes to the benefits of doing business with Gospel biz.

I have referred to James Sullivan of Gospel biz for over 10 years for graphic designs and promotional ideals.

The ability to take words, themes, titles and translate them into graphics images that speak those words is a gift that I enjoyed most when working with them.

The sponsorship side of their ministry is unique and very valuable to our ministry's financial budget.

It has proven to be a blessing to our bottom line with such things as invite cards, business cards, banners, out door sign, pens, weekly programs and envelopes just to name a few.

We will be utilizing the benefits of their sponsorship dollars as often as possible.

I welcome your phone call if hearing a voice of satisfaction and confidence will make the difference for you.
