To who it may concern

We had been in stealth mode for a year developing our business plan for our new ministry "Answer The Call" and now it was finally time to start marketing our programs and services". I knew that we had to have a complete marketing business package consisting of company branding, logo, website, brochures, business cards, letter head, thank you cards, and etc...this process was truly overwhelming and we needed help! I called James Sullivan at GospelBiz, who I had worked with during a successful marketing campaign for our church.

I knew that I had come to the right place. From the very beginning they were attentive to my needs, answered my questions, and they were very personable, detailed and professional in their approach. But what was truly amazing was the creative design process. I expressed my ideas, and within a very short period of time, my site, business cards, logos and brochures was "alive" with color and personality that was beyond what I could have imagined.

GospelBiz goes above and beyond the call of duty with there services and Sponsorship Program. James Sullivan and his team at GospelBiz was truly a blessing.

Thank you GospelBiz for all your support and my fabulous website!
